Overall Satisfaction with the hired alumni

4 responses

Would you like to recruit more students from our college?

4 responses

How could our program be made more suited to industry requirements? Please share your suggestions and points for improvement 4 responses

At the time of admissions please clear you don't provide any placements

Honestly we didn't even know that this college existed but tanmay made us realize that one we were wrong in not looking for this college. I still remember the day of interview when 15 students from your college came and at very first conversation with all of them in our conference room my eyes felt on tanmay. And I was vovved by his presence in the room and fortunately he was the only person who got selected in our company. The recommendation which I would like to give to you he to train everyone like your alumni.

Gain new skills and master communication

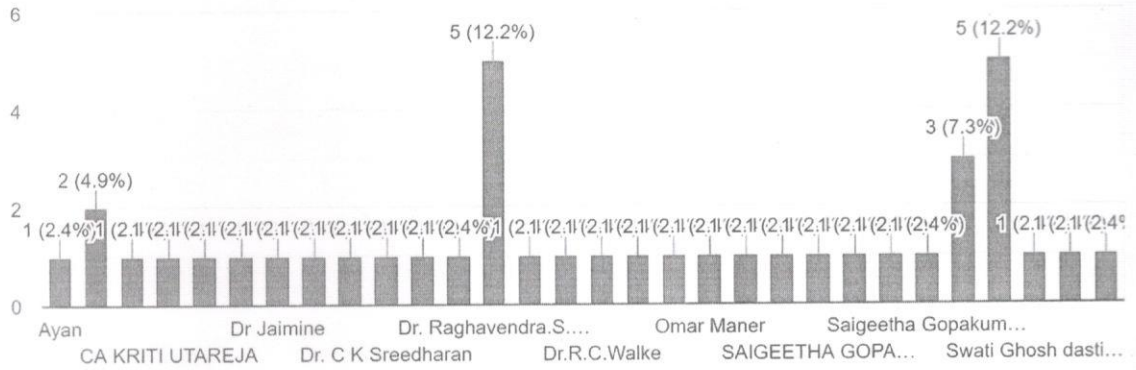

Focus on to teach a student practical things that happen in real world of organization rather than focusing on only theoretical parts.

Any Comments or Suggestions

increase in Visiting Faculty remuneration for experienced Industry professionals like us from reputed brands like Tata , Bata etc..

1) Good initiative of asking for feedback. Most important is the need for feedforward. 2) Kindly filter the sociopolitical views of faculties during interviews. Dr Shakti Awasthi was too islamophobic and her views on Muslims were unneeded 3) Collaboration with Akademia was unnecessary

EXCELLENT

OIM helps you gain invaluable knowledge from industry experts, explore real-world case, studies, and develop practical skills to excel in the financial domain.

ok

overall ok

Teaching @OIMS is a good experience.

Student's appearance and attire could be improved.

Need to enforce measures to ensure that the attendance of students in the lectures is taken note of more seriously by OIM.

No

Remuneration of visiting faculty should be higher , Students feedback should be shared

PAYMENTS WERE NOT ON TIME

I have taught here many years ago. The feedback process should be timely for it to be relevant and meaningful. I do not remember many things as many years have gone by.

Overall everything is satisfactory but improvement required in every department

OVERALL A GOOD WORKING EXPERIENCE

NA

Being a visiting faculty, my exposure to the institute is limited. I have given my feedback only on those parameters where I have some knowledge.

This is the worst Institution I have experienced in my teaching career. The remuneration of the lectures were not paid. I had to follow up for 6 months for the remuneration. The MMS co-ordinator was completely unapproachable. I would never recommend this Institution to anyone from teaching fraternity.
