1. ACKNOWLEDGEMENT

Audit Team of PRISM Environmental Research & Solutions thanks the management of **Oriental Institute of Management** for assigning this important work of Green Audit (Environmental Audit). We appreciate the co-operation to our team for completion of study.

Our special thanks to:

Director, Oriental Institute of Management – Dr R. G. Ratnawat
IQAC Coordinator – Dr Ameer Nagar
Teaching & Supporting Staff of OIM

For giving us necessary inputs to carry out this very vital exercise of Green Audit (Environment Audit). We are also thankful to other staff members who were actively involved while collecting the data and conducting on-site observations.

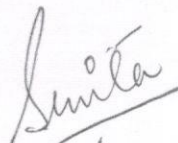

2. DISCLAIMER

*Environmental Audit Team of PRISM has prepared this report for **Oriental Institute of Management** based on input data submitted by the representatives of College complemented with the best judgment capacity of the expert team.*

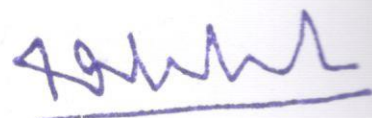

It is further informed that the conclusions are arrived following best estimates and no representation, warranty or undertaking, express or implied is made and no responsibility is accepted by Audit Team in this report or for any direct or consequential loss arising from any use of the information, statements or forecasts in the report.

If you wish to distribute copies of this report external to your organization, then all pages must be included.

PRISM, its staff and agents shall keep confidential all information relating to your organisation and shall not disclose any such information to any third party, except that in the public domain or required by law or relevant accreditation bodies. PRISM staff, agents and accreditation bodies have signed individual confidentiality undertakings and will only receive confidential information on a 'need to know' basis.

Report by: (Dr. Smita Salunke) Lead Auditor

DIRECTOR
Oriental Institute of Management

Vashi, Navi Mumbai - 400 703.

3. INTRODUCTION

The Environmental Audit aims to analyze environmental practices within and outside the college/university campuses, which will have an impact on the environment-friendly atmosphere. An environment audit can be defined as the systematic identification, quantification, recording, reporting, and analysis of components of a given environment. It was initiated to inspect the effort within the institutions whose exercises can impact the health of inhabitants and the environment. An environmental audit aims to shed light on the existing environmental conscious approach of the institution to identify areas of concern, if any and provide suitable recommendations.

4. NEED FOR ENVIRONMENT AUDITING

Environment auditing is the process of identifying and determining whether institutional policies and practices are environment-friendly and sustainable. Environmental Auditing becomes necessary in order to make sure that the institution is proactive and competent enough at addressing specific environmental challenges and goals; and finding out opportunities to improve environmental performance.

It becomes necessary for an institute that imparts education, to have the right approach towards conserving and preserving resources; so as to not only meet the desired level of Green consciousness but also to set an example for its students and other stakeholders towards preserving the Earth's resources and adopting a sustainable way of life.

While the world stands at the crossroads of climate change and resource exhaustion it becomes imperative to verify the processes in practice and convert them into green and clean one, wherever required. Environment audit provides a direction towards assessment and improvement in this context. It also increases overall consciousness among the people working in the institution towards environment.

5. GOALS OF ENVIRONMENT AUDIT

Oriental Institute of Management has conducted an environment audit with specific goals, viz.:

1. Identification and documentation of environment practices followed by the college.
2. Identify strengths and weaknesses in environmental practices.
3. Analyze and suggest solutions for problems identified.
4. Assess facilities of different types of waste management.
5. Increase environmental awareness throughout the campus
6. Identify and assess environmental risk.
7. Motivates staff for optimized sustainable use of available resources.
8. The long-term goal of the environmental audit program is to collect baseline data of environmental parameters and resolve environmental issues before they become a problem.

6. OBJECTIVES OF ENVIRONMENT AUDIT

1. To examine the current practices such as of resource utilization, waste management, etc.
2. To identify and analyze significant environmental issues, if any.
3. Setup goal, vision, and mission for environment practices in campus.
4. Establish and implement Environmental Management System in various departments.
5. Continuous assessment for betterment of environment on the campus.
6. Sustainable use of natural resource in the campus.
7. Financial savings through a reduction in resource use
8. Curriculum enrichment through practical experience
9. Development of ownership, personal and social responsibility for the College campus and its environment
10. Developing an environmental ethic and value system among students.

7. EXECUTIVE SUMMARY

The Environmental Audit of Oriental Institute of Management was undertaken on 18th August 2023.

Dr. R. G. Ratnawat, the Director of the Oriental Institute of Management, Vashi along with Dr Ameer Nagar, IQAC Coordinator along with the team were present during the conduct of the Environmental Audit.

An environmental audit is a snapshot in time, in which one assesses campus performance in complying with applicable environmental laws and regulations. Though a helpful benchmark, the audit almost immediately becomes outdated unless there is some mechanism in place to

continue the effort of monitoring environmental compliance. This audit report contains observations and recommendations for improvement of environmental consciousness of the Institute and all its stakeholders.

8. OVERALL INFORMATION PERTAINING TO THE ORIENTAL INSTITUTE OF MANAGEMENT

Introduction

Greater Mumbai is the financial nerve centre of India. With the presence of thousands of multinationals, a diverse real estate market, burgeoning financial services & insurance sector, and major financial and commodity exchanges, the city stands as a living business laboratory.

Navi Mumbai- a planned township on the west coast is a new business hub. New companies, start-ups, and even old established companies are shifting their base to Navi Mumbai, particularly Vashi-the oldest and most populated node in Navi Mumbai.

Oriental Institute of Management (OIM) is a premier Business Management School located in Vashi, New Mumbai.

Realizing the increasing demand for management graduates to meet the needs of business and industry in Mumbai & Navi Mumbai, visionary leader and educationist Prof. Javed Khan, Ex-Education Minister of Maharashtra and Founding President of Oriental Education Society, established the Oriental Institute of Management (OIM) in 2006 in Vashi, Navi Mumbai.

The college was started with the aim to:-

- Cater and spread knowledge by training graduates in managerial and professional skills.
- To act as a facilitator for students by creating opportunities for industrial interaction.
- To encourage social and ethical values by organizing seminars and events.

OIM is the only Management Institution in Navi Mumbai having Ph.D. Research Centre approved by University of Mumbai. OIM has prominent faculty, excellent infrastructure and very convenient location having good connectivity to all parts of Mumbai and MMR region through road and rail network.

OIM is located in Vashi - the main business center of Navi Mumbai

Oriental Institute of Management (OIM) is a premier management learning centre today catering to the needs of not only the corporate world but also seekers of knowledge, intelligentsia, and academicians on the whole with due contributions to the demands of policymakers and playing a cardinal role in the field of management education and research, ably supported by experienced faculty, excellent pedagogy, sound infrastructure, and dedicated university-approved research centre.

Studying Management Course at **Oriental Institute of Management (OIM)** is, hence a challenging intellectual experience. OIM provide students with specialized knowledge in their chosen fields and hone their skills for challenging professional assignments including the development of their proficient corporate skills. Experiential learning with strong corporate exposure and 360-degree development of students are the hallmarks of OIM.

Vision

“To be a Business School with a reputation for creating an employable workforce embedded with social and ethical values that is relevant to the fast-changing interconnected world”.

This vision statement outlines the desired future state for the Oriental Institute of Management.

- The vision statement highlights that the Oriental Institute of Management aims to be recognized as a reputed Business School. This suggests that the institute focuses on providing education and training in business and management disciplines.
- The institute's vision emphasizes its commitment to preparing students for successful careers and employability. It suggests that the institute is dedicated to imparting practical skills, knowledge, and experiences that align with the demands of the job market. The focus is on equipping students with the necessary competencies to excel in their chosen fields.
- The Oriental Institute of Management emphasizes the importance of instilling social and ethical values in its students. This suggests that the institute aims to develop professionals who not only possess technical expertise but also demonstrate integrity, social responsibility, and ethical decision-making. It reflects a broader goal of creating ethical leaders and responsible global citizens.
- The vision statement acknowledges the dynamic nature of the business environment, which is characterized by rapid changes and interconnections. The Oriental Institute of Management aims to provide education and training that is relevant and responsive to these changing dynamics. It suggests a commitment to staying up to date with emerging trends, technologies, and global interconnectedness.

To sum it up, the vision statement of the Oriental Institute of Management expresses the institute's aspirations to be recognized as a reputable business school that produces employable graduates. These graduates are not only equipped with the necessary technical skills but also possess social and ethical values. Furthermore, the institute seeks to ensure that its education remains relevant to the fast-changing interconnected world.

Mission

The mission statement of the Oriental Institute of Management outlining the core objectives

and purpose of the institute, is as follows -

"To train graduates in managerial and professional skills": This indicates that the institute provides education and training programs that equip students with the necessary knowledge and skills to excel in managerial and professional roles. The focus is on preparing graduates to meet the demands of the business world by imparting a comprehensive understanding of key management principles, practices, and techniques.

"To act as a facilitator for students by creating opportunities for industrial interaction": This highlights the institute's commitment to facilitating practical exposure and industry engagement for its students. It suggests that the institute recognizes the importance of bridging the gap between academia and the corporate world. By creating avenues for students to interact with industry professionals, visit organizations, participate in internships, or engage in real-world projects, the institute aims to enhance students' understanding of the practical application of management concepts and foster their professional growth.

"To encourage social and ethical values by organizing seminars and events": This component reflects the institute's emphasis on the holistic development of its students. It demonstrates a commitment to nurturing social responsibility and ethical behavior among students. By organizing seminars and events that focus on social issues, ethics, and values, the institute aims to create awareness, foster discussions, and instill a sense of responsibility towards society. This component acknowledges the importance of ethical conduct and societal well-being alongside professional competence.

To summarize, the mission statement of the Oriental Institute of Management highlights its commitment to training graduates in managerial and professional skills, facilitating industry interaction to enhance practical understanding, and fostering social and ethical values among students. These objectives align with the institute's overarching mission of preparing students to excel in their chosen careers while also becoming responsible contributors to society.

Institutional Values:

The statement depicting the core values of the institute is - "The staff and students of Oriental Institute of Management are committed to contributing to the development of the University's values of Inclusion, Ethical, Reflective, Supportive, Adaptable, and Sustainable".

It is broken down as follows to delineate its key components:

Inclusion: The Oriental Institute of Management places a strong emphasis on inclusivity, ensuring that all individuals, regardless of their background, ethnicity, gender, or abilities, are welcomed and provided equal opportunities for learning, growth, and participation. Inclusion promotes diversity, fosters a sense of belonging, and encourages collaboration among students and staff.

Ethical: The Oriental Institute of Management upholds high ethical standards in all aspects of its operations. This includes promoting integrity, honesty, and accountability in teaching, research, and administrative practices. Ethical conduct is essential for cultivating a culture of trust, professionalism, and responsible decision-making within the institute and beyond.

Reflective: The Oriental Institute of Management encourages a reflective approach to learning and personal development. It promotes self-awareness, critical thinking, and continuous improvement among students and staff. By fostering a reflective mindset, the institute encourages individuals to analyze their experiences, question assumptions, and adapt their approaches based on new insights and feedback.

Supportive: The Oriental Institute of Management strives to create a supportive environment for its students and staff. It recognizes the importance of providing guidance, mentorship, and resources to help individuals succeed academically, professionally, and personally. The institute promotes a culture of collaboration, empathy, and mutual respect, where everyone feels valued and supported in their endeavors.

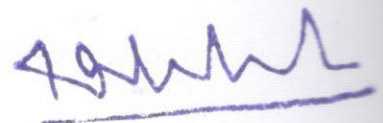

Adaptable: The Oriental Institute of Management understands the need for adaptability in today's dynamic and rapidly changing business environment. It emphasizes the development of flexible and versatile skills that enable individuals to thrive in various contexts and respond effectively to evolving challenges. The institute encourages a mindset of agility, innovation, and willingness to embrace new ideas and approaches.

Sustainable: The Oriental Institute of Management is committed to sustainability in its practices and teachings. It recognizes the importance of environmental, social, and economic sustainability for the long-term well-being of individuals, organizations, and society. The institute promotes awareness and responsible behavior towards natural resources, social equity, and ethical business practices.

These core values collectively shape the culture and character of the Oriental Institute of Management. They guide the behaviors, decisions, and interactions of its staff and students, ensuring a commitment to excellence, inclusivity, ethics, adaptability, reflection, and sustainability in all endeavors undertaken by the institute.

Dissemination of Institutional vision, mission, and core values

Statements of institutional vision, mission, and core values are displayed all over the institute to popularize them. Further, seminars, and workshops are conducted from time to time to make the stakeholders understand and live with them. The stakeholders, while transacting any activity, are made to do it in alignment with the institute's vision, mission, and core values.

9. ABOUT THE CAMPUS

The College Campus has a well-maintained ground and another big sports ground situated at Naigaon Cross Road, Wadala.

The campus is lush green with sprinklers fitted at regular intervals, which reveals the environmental consciousness at the Administrative and Management Levels of the Institution. A full-time gardener is appointed by the Institution.

Filtered drinking water is made available for staff and students to minimize usage of bottled drinking water,

Hygiene is well-maintained in corridors as well as in the restrooms.

The college campus, classrooms, and library, etc are cleaned every day. Dustbins are kept on every floor for solid waste collection. The college has a compost pit for the recycling of garden waste.

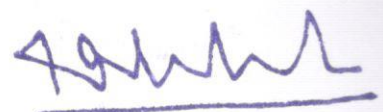

The college practices a zero-wastage policy along with the approach that encourages the practice of Reuse, Reduce, and Recycle.

Several trees, both small and big, exist on the campus. The list of some of the botanical names of the trees is shared below:

1. Neonaucleatruncate
2. Dieffenbachia
3. Areca Palm
4. Beccariophoenix
5. Ti Plant
6. Bauhinia forficata
7. Dracaena angustifolia
8. Garden croton
9. Dieffenbachia Seguine

The total number of trees and plants on the campus is **157**.

10. WASTE MANAGEMENT POLICY OF ORIENTAL INSTITUTE OF MANAGEMENT

The Oriental Institute of Management manages solid and liquid waste in a systematic manner to maintain cleanliness, hygiene, and environmental sustainability. The following measures are taken by the institute to dispose of solid and liquid waste:

- a. **Waste Segregation:** The Institute has taken steps to educate staff and students about the importance of waste segregation. Provide clearly labeled bins for different waste categories, such as Dry and Wet waste.
- b. **Waste Collection:** House-keeping staff disposes of the waste according to the labeled bin. The dry and wet waste is collected by the NMMC waste collection truck on a regular basis.
- c. **Waste Reduction Activity:** The institute promotes reducing waste generation, such as minimizing paper usage by going digital, encouraging reusable water bottles and containers, and discouraging single-use plastics.

The OIM believes in maintaining a clean and healthy environment and encouraging the entire OIM family to follow all rules and policy to do so.

Waste Bins Photographs for Waste Management

11. E-WASTE MANAGEMENT POLICY OF THE ORIENTAL INSTITUTE OF MANAGEMENT

Introduction:

Oriental Institute of Management recognizes the environmental and health hazards associated with electronic waste (e-waste) and are committed to promoting responsible e-waste management. Their e-waste policy outlines their approach to handling e-waste on the premises and ensures proper disposal through collaboration with the Navi-Mumbai Municipal Corporation (NMMC). The policy aims to minimize the negative impact of e-waste and maximize the opportunities for recycling and safe disposal.

Collection and Segregation of E-Waste:

1.1. Designated Collection Points: The Institute has established designated e-waste collection points across the campus for faculty, staff, students, and visitors to dispose of their e-waste conveniently.

1.2. Segregation: The Institute ensures proper segregation process at the collection points, separating different types of e-waste based on their categories (e.g., computers, mobile phones, printers, batteries, etc.).

1.3. Awareness and Education: Regular awareness campaigns are conducted to educate the campus community about the importance of responsible e-waste disposal and the harmful effects of improper disposal.

Packaging and Storage of E-Waste:

2.1. Proper Packaging: All the collected e-waste is appropriately packed using eco-friendly and safe packaging materials to prevent breakage and leakage during storage and transportation.

2.2. Secure Storage: The packed e-waste is stored in secure containers in a designated area on campus to prevent unauthorized access and mishandling.

Collaboration with Navi Mumbai Municipal Corporation (NMMC):

3.1. Partnership: Oriental Institute of Management has a partnership with NMMC to ensure a smooth handover of e-waste for proper disposal and recycling.

3.2. Periodic Collection: The Institute coordinates with NMMC to schedule periodic pickups of accumulated e-waste from the campus.

Disposal Following Standard Norms:

- 4.1. Compliance with Regulations: The NMMC is responsible for disposing of the e-waste following the standard norms and regulations set by the government for e-waste management.
- 4.2. Authorized E-Waste Recyclers: The NMMC works with authorized e-waste recyclers who are certified and comply with all relevant environmental and safety standards.

Reporting and Compliance:

- 5.1. Records and Reports: Oriental Institute of Management will maintain comprehensive records of e-waste collection, handover, and disposal activities. Regular reports will be generated to assess the effectiveness of the e-waste management policy.
- 5.2. Compliance Audits: Periodic compliance audits will be conducted to ensure adherence to the e-waste policy and identify areas for improvement.

Feedback Mechanism

OIM has established a feedback mechanism to gather suggestions and concerns from the campus community regarding e-waste management.

Policy Review

The e-waste policy will be reviewed annually to incorporate new best practices and improve its effectiveness.

Conclusion:

This E-Waste Policy represents Oriental Institute of Management's commitment to environmental sustainability and responsible e-waste management. By following this policy and collaborating with Navi Mumbai Municipal Corporation, it aims to reduce the environmental impact of e-waste and contribute to a cleaner and greener future.

12. GREEN/PLASTIC-FREE CAMPUS POLICY

Vision:

The Oriental Institute of Management (OIM) envisions a sustainable and eco-conscious campus environment that reflects its commitment to environmental responsibility, fostering a culture of sustainability, and contributing positively to the global ecosystem.

Policy Statement:

Oriental Institute of Management is dedicated to creating a plastic-free campus, aligning with its core values of promoting sustainability, reducing environmental impact, and nurturing a conscientious community. This policy underscores their pledge to minimize plastic usage, actively engage students, faculty, and staff, and promote eco-friendly alternatives across the institution.

Objectives:

Eliminate Single-Use Plastics: OIM is committed to phasing out single-use plastics across all areas of the campus, including canteens, hostels, and administrative spaces.

Awareness and Education: The institution will continually educate and raise awareness among students, faculty, staff, and visitors about the harmful effects of plastic on the environment and the benefits of adopting sustainable alternatives.

Encourage Responsible Practices: OIM encourages the adoption of reusable and eco-friendly alternatives such as cloth bags, steel or glass containers, and biodegradable materials for packaging.

Collaborative Engagement: OIM will foster a collaborative approach by involving students, faculty, staff, and relevant stakeholders in the development and implementation of plastic-free initiatives.

Regular Audits and Reporting: Regular assessments will be conducted to monitor the progress of plastic-free initiatives. This data will be reported to ensure transparency and accountability.

Implementation:

Plastic-Free Zones: Designated areas within the campus are declared as plastic-free zones, strictly prohibiting the use of single-use plastics.

Canteen and Vending Areas: Plastic cutlery, straws, and containers have been replaced with sustainable alternatives.

Hostel Regulations: Students are required to adhere to a plastic-free policy within the hostels. Non-biodegradable plastic items will not be permitted on hostel premises.

Educational Campaigns: Regular workshops, seminars, and awareness campaigns will be organized to educate the campus community about the hazards of plastic pollution and the importance of adopting green practices.

Alternative Solutions: OIM will explore partnerships with suppliers and vendors who provide environmentally friendly packaging.

Monitoring and Compliance:

The Green Campus Committee/administration will be responsible for overseeing the implementation of the plastic-free policy. Regular audits and assessments will be conducted to measure the progress and compliance of the policy. Non-compliance will be addressed through education, counseling, and disciplinary actions if necessary.

Continual Improvement:

Oriental Institute of Management is committed to the ongoing enhancement of plastic-free policy. Feedback from the campus community will be actively sought, and adjustments will be made as needed to ensure the policy's effectiveness and alignment with its sustainability goals.

The "Green Campus - Plastic-Free Campus Policy" underscores OIM's dedication to creating a sustainable environment that nurtures responsible habits and contributes positively to the planet. Through collaborative efforts, educational initiatives, and stringent compliance measures, OIM is poised to make a significant impact in the journey toward a plastic-free future.

13. STUDENT-RELATED GREEN ACTIVITIES UNDERTAKEN BY OIM DURING THE LAST 3 YEARS

Sustainable development is a fundamental concept that seeks to harmonize economic, environmental, and social objectives to ensure the prosperity of present and future generations. In the context of organizations, sustainable development refers to the responsible and ethical management of resources, processes, and stakeholders, with a focus on long-term viability and resilience. Embracing sustainable practices is no longer just an option but a necessity for organizations seeking to create a positive impact while thriving in an increasingly complex and interconnected world.

Guest lectures and workshops have been arranged for the students on the topics –

- Importance of Water conservation
- Plastic pollution and its impacts.
- Week-long Tree Plantation Drive was organized in an attempt to make students get closer to nature by planting saplings on and off the campus

Description:

An event named 'Blue Water Quiz' was organized by the students of Oriental Institute of Management under the guidance of Program Head Dr. Maumita Roy on 28th April '23. The goal of this event was to raise awareness about the importance of water conservation and providing practical solutions for the same which can be implemented at individual level. The event started with a speech on 'Importance of Water', video presentation depicting the importance of water and a quiz competition on water conservation. Students were divided in groups of 5 students in one group to promote team-spirit and encouraging them to have participating attitude. Overall, this event was dedicated to raise awareness about the importance of water conservation and sensitizing students regarding reducing water wastage and encourage individuals to take action to protect this critical resource.

14. ENERGY CONSERVATION

The Oriental Institute of Management is committed to environmental sustainability and energy conservation. With a deep awareness of the need for responsible energy use, the institution has implemented several eco-friendly initiatives across its campus. One noteworthy effort includes the installation of energy-efficient LED lights throughout the premises, resulting in significant energy savings of up to 65%. Additionally, the campus is illuminated by solar lights, harnessing the power of renewable energy sources to reduce its carbon footprint. To further promote energy consciousness, the institute has posted notices across its facilities, urging students, staff, and visitors to switch off lights and appliances when not in use, emphasizing their dedication to both energy efficiency and environmental responsibility.

15. CONCLUSION OF THE ENVIRONMENTAL AUDIT

The Institute is a premier Management Institute located in Vashi, New Mumbai. It provides excellent infrastructure to the stakeholders. The campus is lush green and well-maintained. The existence of a Sports Ground is an added benefit for the staff and students.

The Institute has a well-defined electronic waste management policy in place. It is extremely appreciable that the Institute has chalked out a policy to make the campus a Green Campus. Another noteworthy aspect is the installation of energy-efficient LED lights throughout the premises, resulting in significant energy savings. A small beginning has also been made in terms of using solar energy.

Students have been involved in Guest Lectures delivered on environment-related themes. The entire premise is clean and well-maintained.

16. RECOMMENDATIONS

Recommendations of the Environmental Auditing Team are given below. These recommendations can be taken up to enhance the sustainable practices in the campus.

- A compost pit should be created. It will be beneficial to take care of the food and other organic wastes generated on the campus and will also help to create organic manure for the existing trees on the campus.
- Rooftop rainwater harvesting system can be developed in order to reduce the consumption of NMMC supplied water, especially for the maintenance of the green areas and for cleaning purposes.
- Students, if involved in green outreach programmes or activities, will go a long way in creating a future generation of confident and environmentally conscious managers and entrepreneurs.
